

Large Format Prints & Scans

Photo credit: Paige Thompson

Offix Edge has 2 Canon Image ProGraf large-format, four-color inkjet printers for printing up to 36x48" projects. Ink colors include matte black, black, magenta, cyan, and yellow.

The inkjet printers can print up to 1200 dpi for high-quality, large-format posters. We use 20 lb, bright white bond paper or 24 lb, bright white coated paper for more true inkjet colors.

These printers will print photos but are not 9-ink printers that are necessary to produce photo realistic posters. We do not print on canvas, vinyl, or photo-paper. We also cannot scan these materials. We no longer mount prints on foam core or other surfaces.

Price per Square Foot

Due to the high cost of ink, posters are priced per square foot.

Printed Space	600 dpi	1200 dpi
Up to 50%	\$3	\$5
Over 50%	\$4	\$6

Posters

Offix Edge can print and scan plans up to size ARCH E (36x48"). Standard plan prints are 300 dpi.

We prefer PDF files since our computers do not have AutoCAD. Small files may be emailed to contact@offixedge.com. Large files may be transferred using the free WeTransfer.com service. We do not access other people's Google or iCloud drives for security reasons.

In your email or call, please indicate:

- size;
- actual size or fit to a different size;
- number of sets;
- black & white or color;
- paper-binding, staples, or loose; and
- whether you will pick up or if we should ship or courier plans.

Paper Size	ARCH/ANSI	Print	Scan*
C	18x24" / 17x22"	\$2	\$3
D	24x36" / 22x34"	\$3	\$3
E+	36x48" / 34x44"	\$5	\$4

* Scan prices will be discounted \$1/sheet when you scan and print.

Customer Accounts

We can keep your credit card on file with our secure merchant service to simplify your pickup and bookkeeping.

Job Site Signage (\$3)

City-issued No Stopping 11x17" signs printed and laminated for a dollar less than the City charges. Email the file to contact@offixedge.com.

We can also print and laminate required public health job site signage up to 11x17".
